

Youth Maker/Innovation Challenge Project Proposal Form

This form is designed to propose a project for the YMIC. Answer the questions as thoroughly as possible. We will be using this form to evaluate the viability of the project for the Challenge.

Who are the Project Members?

- 1.
- 2.
- 3.
- 4.
- 5.

PROJECT TITLE

Think of an interesting, descriptive title for your project.

GOALS OF THE PROJECT

Describe the goals of the project, what it seeks to accomplish/build/make/create/change:

DRIVING QUESTIONS

What driving question(s) do you intend to answer with this project?

SUPPORTING QUESTIONS

Write a minimum of four supporting questions to guide your work toward answering your driving question?

END PRODUCT(S)

List the final products (devices, creations, reports, etc) you will submit to address your goals and questions:

TOOLS/SKILLS/ITEMS NEEDED

Have a great project idea but need additional supplies/resources/expertise to make it happen.

PROPOSED PROJECT TIMELINE/TASKS

Project start date	Project end date

What tasks do you have planned to complete the project? (You may not have gotten this far in your thinking. If not, you can leave it blank, or you can give it your best guess and know that it is subject to change based on the evaluation and FAQ session.)

TASK	TIME	DATE	ASSIGNED TO
